Greenup Eidsvold Station Annual Bull Sale

FROM **600** BULLS, WE SELECT THE BEST **140** FOR OUR SALE

Whether you have been buying Greenup Eidsvold Station bulls for years or are considering us for the first time, we look forward to welcoming you to our on-property bull sale on 17 September.

Inspect 140 bulls selected from more than 600, compare the progeny of more than 33 sires - with one-third of the team by new release sires - and identify the genetics best suited to your business.

For existing clients, this is an opportunity to invest in the next generation. For new buyers, it is a day to discover the difference.

FOUNDATION MEETS FOCUS

Founded in 1955, Eidsvold Station Stud #2 is Australia's oldest Santa Gertrudis Stud.

In 2006, Rick & Alice Greenup bought Eidsvold Station Santa Gertrudis with 1500 females and combined it with the Greenup Stud.

Two decades later the herd continues to advance through disciplined selection, objective performance recording and a steadfast focus on breeding commercially relevant cattle.

Bulls for the Bottom Line.

Eidsvold Station Logan L144 (P) sold in 2016 to Bob & Claire Lord, Julia Creek, still working in the Kilterry Stud at 12 years of age.

UNCOMPROMISING STANDARDS

Seven decades of continuous improvement & disciplined selection have produced genetics renowned for their consistency and reliability.

Our standards are reflected in fewer than one bull return for every 200 sold.

DISCIPLINED SELECTION

Every bull is assessed for temperament, structure, functionality and performance.

The sale team earn their place through repeated assessment and sustained selection pressure across generations.

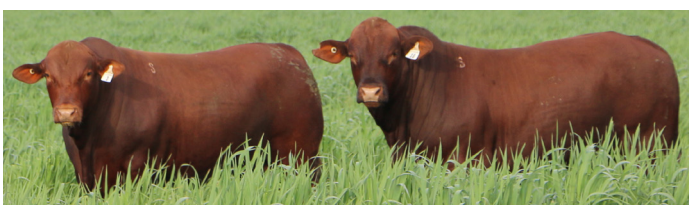

"Every bull offered for sale is backed by hundreds that weren't. That's the difference disciplined selection makes."

Rick Greenup

PREDICTABLE PERFORMANCE

Our deep bank of phenotypic data and genomics, gives buyers confidence in our bulls' reliability to perform as predicted.

We multiply the bloodlines that deliver results with consistency —and remove those that don't measure up.

BULLS FOR THE BOTTOM LINE

140 Bulls
116 Classified 'S'
116 PP / P / PS

Greenup Eidsvold Station Annual Bull Sale

Eidsvold

Thursday, 17 September 2026

Greenup Apollo V222 (PP) was the top priced Australian Santa Gertrudis bull in 2025, selling for \$120,000 to Andrew & Fiona Bassingthwaighte, Yarrawonga Stud.

Apollo is the product of generations of consistent selection pressure on economically important traits in a natural grazing system.

The 2026 sale team comprises 140 bulls selected from a cohort of more than 600. The draft reflects decades of uncompromising standards for temperament, type, performance and environmental adaptability.
